Re-assembly Instructions

Profile 13 Guiding

WARNING

To prevent injury, make sure all electrical power sources have been disconnected before performing any component assembly or adjustments.

Profile 13 guiding may be shipped from the factory in varying stages of assembly. If necessary, assemble the components in the manner shown.

1. Insert each drop-in T-bar (A of Figure 1) into the conveyor frame T-slot (B) by rolling it into position as shown.

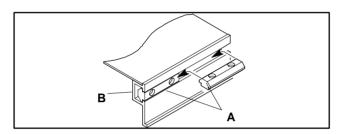

Figure 1: Drop-in T-Bar Installation Detail

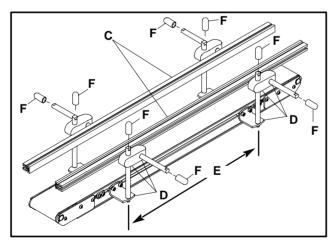

Figure 2 NOTE: Same parts can be installed on 2100 or 3100 Series Belted or Roller Conveyors

NOTE:

For a 3100 Series conveyor, install the Drop-in T-Bar in the upper slot in the same manner.

- 2. Evenly space the T-bars, on both sides of the conveyor (Figure 2), at distances (E), no greater than 915 mm.
- 3. After final positioning, be sure to tightly secure all mounting hardware. Install the vinyl caps (F).

Nominal Conveyor Length in mm	Total Quantity of Support Assemblies (D)
610	4
915	4
1220	4
1525	4
1830	6
2135	6
2440	6
2745	8
3050	8
3355	8
3660	8
3965	10

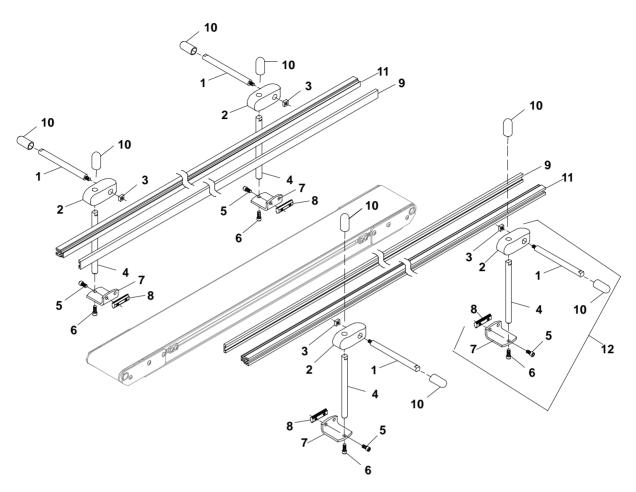

WARNING

After installing guiding and before operating conveyor, be sure to eliminate any potential pinch points that may have been created. To prevent injury, keep fingers and hands away from pinch point areas while the conveyor is running.
