DORNER®

Limited Warranty

Dorner Mfg. Corp. warrants to the original purchaser the Dorner equipment, that is not manufactured by others, to be free from defects in material and workmanship under normal use and service, and when properly maintained by the purchaser. Use or service with corrosive or abrasive chemicals or materials or in a corrosive or abrasive atmosphere shall not be deemed normal. Dorner's obligation under this warranty is limited to repairing at Dorner's factory or factory authorized service center or furnishing a replacement for any part, or correcting any workmanship, which shall be demonstrated to Dorner's satisfaction to have been defective at the time of delivery and with respect to which a written claim specifying the particular defect or defects shall have been delivered to Dorner or factory authorized service center within one (1) year from the date of delivery of the equipment to the original purchaser or before the equipment has had twenty-one hundred (2100) hours of running use, whichever period is shorter. If the equipment is delivered piecemeal, the warranty for each portion shall commence at its date of delivery.

The removal by purchaser of parts returned to Dorner or a factory authorized service center for repair or replacement and the installation by the purchaser of replacement or repaired parts shall be at purchaser's expense. No work will be done by Dorner or factory authorized service center at the site of the installation unless in Dorner's opinion it is impractical for purchaser to remove the defective part and return it to Dorner's factory or a factory authorized service center.

Defective parts shall be returned, after pre-authorization by Dorner, to Dorner's factory or to a factory authorized service center. Repairs, replacements, or adjustments for which Dorner is responsible will be made as promptly as possible within the standard working hours of any day. All costs for freight, duties or any other related costs for sending or receiving parts are the responsibility of the purchaser. Overtime, if required by purchaser, will be paid for by purchaser.

Dorner does not warrant equipment manufactured by others but will submit the manufacturer's warranty to purchaser upon request.

EXCEPT AS EXPRESSLY STATED HEREIN, THERE ARE NO WARRANTIES, EXPRESS OR IMPLIED, BY OPERATION OF LAW OR OTHERWISE, OF THE EQUIPMENT OR SERVICES FURNISHED BY DORNER OR A FACTORY AUTHORIZED SERVICE CENTER. DORNER SPECIFICALLY DISCLAIMS AND EXCLUDES ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ARISING FROM A COURSE OF DEALING OR USAGE OF TRADE. THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION ON THE FACE HEREOF. Dorner shall not be liable for, nor does Dorner authorize any person to assume for Dorner, any other liability in connection with the equipment or services furnished by Dorner, including, without limiting the generality of the foregoing, liability for loss of production, product, equipment or profits or liability for direct, incidental, indirect, special or consequential damages or any damages to persons or property. Dorner will make no allowances for repairs, alterations or other work done unless specifically agreed to in writing. Purchaser agrees that purchaser's sole remedy for liability of any kind, including negligence with respect to the equipment and services furnished by Dorner shall be limited to the remedies provided herein.
