The Benefits of a Dorner FlexMove Stainless Steel Series Conveyor

**Reduces Costs**
- Available pre-assembled to your exact specifications; saving labor costs
- FlexMove Solutions eliminates unnecessary cutting, inventory and waste

**Delivers Fast**
- Dorner sets the industry standard for delivery
- FlexMove is shattering the norm with conveyors available to ship in as little as 15 working days

**Flexible**
- Provides capability for vertical incline with minimal floor space
- Features modular framing for future add-on capability and production line changes

**Complete Stainless Steel Construction**
- Stainless Steel Construction is ideal for corrosion resistant applications or packaging lines

**Wheel Corners**
- Standard wheel corners eliminate friction allowing for complicated multi-curved configurations

**Wedge Elevator**
- Wedge Elevators save footprint space by vertically lifting or lowering a product using a specialty gripper chain

**Alpines**
- Alpine configurations available for product buffering, elevation changes or coding/curing applications
